Local Brevities.

E. W. Saxton has been appointed by the Council, Chief Engineer of the Fire Department.

The brick work on the new Court House will soon be commenced.

The Ashtabula corner is going up rapidly and will soon look like a building.

The weather has been quite wet for a day or two.

Our Fire Department has been invited to Sandusky City, to the Ohio State Firemen's Tournament to take place September, 1908, the anniversary of Perry's Victory.

Our old friend, C. B. FLOON, Esq., of the Ohio State Bar, has been elected to the position of President of the Ohio Bar Association, at the annual meeting of the Ohio Bar Association, held at Columbus, Ohio, July 1st.

"And I've a hant, my trusty friend."

MAKER HOUSE, FORT WAYNE.—When at Fort Wayne last Saturday, we were a guest at the Maker House, now kept by our old friend, John A. Elder, one of the staunchest and best of Democrats. Mr. Vallandigham was also a guest of Mr. Bull.

It is said that different members of a certain orthodox church here, together with its minister, since the beginning of the performance of the Opera House of the fair found themselves in the position of being "out of the house" for the purpose of preventing the brethren and sisters from attending these musical and instructive entertainments. So we go.

SORMACK HOUSE, NEW BAYVIEW.—About a month ago Daniel Sormack, of Alliance, opened a hotel at New Brighton. It is beautifully located in a cool and airy place, well furnished and splendidly furnished. No pleasant place can be found as a resort from business and heat. The table is supplied with all the elegance and delicacies of the season. The cooking is excellent. No one who visits this splendid hotel without feeling that it was good to be there.

THE THEATRE is still drawing fine houses at Scherfer's Opera House, producing some of the best plays.

On Monday evening was played the strange tragedy, "The Girl in the Iron Mask," with Miss Clara Morris as Leticia, and Mr. J. Wesley Hill as Genaro, were finely rendered. Mr. Henry Ellis as Guberto, was well filled, as was Mr. E. Murray Day in the character of the Duke.

The comedy of "Old Cio's Hat" was splendid. The comedy of "Old Cio's Hat" was splendid. The comedy of "Old Cio's Hat" was splendid.

APRICE TO ALL MANKIND.—The sure road to fortune is to have people know that your prices for goods are lower than your neighbors, or that you have a much better article for the same money. This being our special object in view, we would say to you all that we are just in receipt of a quantity of J. W. Poland's, Humor Doctor and White Pine Compound, for Coughs and Colds; the best medicine in the market for the cure of Croup, Whooping Cough, and all diseases of the throat, and we put up a large bottle for \$1.

The Prospected College.

The meeting at Hart's Hall, on Wednesday evening, August 13th, was quite well attended, a goodly number of the men of our city and county were present, and the meeting was a most successful one.

The new Opera House building has reached the third story. Zeph. Johnson was kicked by a vicious horse on Monday, sustaining a serious though not fatal injury.

The Post Office will be removed on Saturday evening, at 8 o'clock, to the new building first door west of Wright & Pennock's hardware store.

The old farm South of House has been moved to a new location, and will be fitted up for a first-class boarding-house.

Look out for the splendid stock of Boots and Shoes soon to arrive at Wheeler's. He is now at Lynn, Mass., the great shoe market, making selections and shipping the best that can be bought.

The Drug Store lately kept by Culbertson, Taylor & Co., was sold on Monday, by the Sheriff, to Henry Tritt, for \$1,000. Mr. Tritt, who is an experienced druggist, will continue the business at the old stand.

Henry Hughes designs erecting a new three story brick block on the lot adjoining the Nixon House, early in the spring. H. E. Hurry, architect, of Cleveland, furnishes the plan.

Wm. Reynolds will also put up a brick building on the corner of Main and Freedom Streets.

RICHARD THE THIRD.—Shakespeare's great play of Richard the Third, was produced at the Opera House on Saturday night last, by Mr. Elder's Troupe. Mr. J. Wesley Hill, as Richard, was Richard himself, and Mr. Henry Ellsler as Buckingham and Richmond were powerfully performed. Mr. E. Murray Day, as Edward the Fourth, and Mr. Sidney Smith as Clarence were also well rendered.

Miss Clara Morris, Queen Elizabeth, and Miss Lillian McKee as Lady Anne, were both well rendered. The rest of the troupe sustained their parts admirably.

The farce of "Nan the Good for Nothing" was well played, with Miss Nellie Young as "Nan," and Irving and Ogden in their respective characters. The troupe sustained their parts admirably.

A DEMOCRATIC NIGHT MOVED.—NEW ORLEANS, August 3.—A negro named William Robins has been making Democratic speeches in this city for some weeks past. Several attempts have been made upon his life, and on Saturday night a crowd followed him to the city hall, where he was arrested on a charge of exciting a riot, and released on bail. Yesterday another attack with slung-shots was made on him. This morning, on appearing before the Recorder, it was found that the original charge of carrying concealed weapons was substituted.

On being released Robins' life was again threatened by the negroes, but he was escorted by his friends to the rooms of the Constitution Club, on Canal street. The streets in the neighborhood were soon filled with a crowd and the excitement increased. Gov. Warmoth appeared and made a short but effective speech, telling the negroes that they should rather protect Robins in the public expression of his opinions than seek to deprive him of that right. He advised them to disperse and go home, which they did.

THE STAMPEDE FROM THE REPUBLICAN RANKS.—The stampede from the Republican party is beginning in downright earnest. It is just starting, but it will go with a rush after a while. A few days ago the Democracy of Stark County held a convention at Troy to elect twenty-eight delegates to represent the Democracy of that county in the Congressional Convention to be held on the 30th at Urbana. J. T. Janvier, John P. Williamson and Charles Morris, Esq., all of Troy, and therefore influential members of the Republican party, addressed the convention, expounding the cause of Democracy, Seymour and Blair. The leading Republican in one place coming out from the fold party! That, indeed, is good news.

JOHN QUINN, a Cooperhead dogger, recently charged to Captain Oliver Longstaffe, that he had "furnished \$25 worth of whiskey to certain parties, who were chosen and sent to the purpose of carrying out a 'stunt' at the Democratic ratification."—ALLIANCE MONITOR.

JOHN QUINN is a worthy man and a Democrat, and would help along a Democratic meeting rather than do anything to disturb it, or any other meeting. Lying is a most difficult business for the most ingenious.

"Last look a specter your late intruder, Keep probability in view."

NARROW ESCAPE.—On last Thursday an old Judge Sowers, with his son, Colonel Perry, and Mr. Clark Tomner were in a buggy and about to cross the railway track at South Market Street. Evening Expresses from West came whizzing round the curve. They held up just in time, but the horse was alarmed, turned and backed so that the train caught one hind wheel and broke it, throwing the gentlemen out, but fortunately doing them no material harm.

Our City Council should take steps to have something done to prevent accidents at our crossings. It is becoming imperative necessity.

Alliance Items.

From the last Alliance Monitor we clip the following:

Mr. Tritt, of Alliance did last week very suddenly. It is supposed he died of accident poisoning in tasting articles in his drug store.

The new Opera House building has reached the third story. Zeph. Johnson was kicked by a vicious horse on Monday, sustaining a serious though not fatal injury.

Lexington Rowdies.

ALLIANCE, August 3, 1908. Editor STARK CO. DEMOCRAT:—The Reds have been in constant contact since they practically broke up the Democratic Ratification Meeting at this place. The "Monitor-Mass" had enough of the impulses of order and decency to condemn, or fuses, the outrageous proceedings of his party at that Meeting.

The leading spirits of the disorder at the Meeting are the leading spirits of the mendacious party of Jacobins in this locality. They cracked their whip over "Garrison," and he, obedient to the demands of his masters, changed form.

After saying the Republicans were guilty of the disgraceful interruptions, condemning the same, he now says that Democrats were the ones who interrupted the meeting, and exonerates the rogues he had pointedly denounced at first.

"Mr. Monitor" says that J. W. McCord, a staunch Democrat, interrupted the meeting he was in sympathy with. "Mr. Monitor" further instances John Quinn as a man who interrupted the meeting. Quinn is a Democrat, and the logic is so transparent that it would take a man to say anything would say or do into a means of breaking up a Meeting, the success of which was so closely identified with it.

Mr. Monitor Man, to sustain himself, instances as a witness against Quinn, a defunct Reconstruction act as unconstitutional. He declares for honesty in the service of the people. She declares her wish that the military despotism which seeks to establish in permanent a negro supremacy on this continent shall cease, and cease now. She declares her faith that the infamous Reconstruction acts are unconstitutional, revolutionary and void. She declares her discontent with the Rump scheme to give carpet-baggers the false and fictitious representation of 3,000,000 freshly emancipated blacks more power in the Senate than the 14,500,000 white freemen, and between the Potomac and the Mississippi.

Montana has gone Democratic by a largely increased majority. JOHN P. BRUCE, Chairman Democratic Committee.

The Continental Hotel at Crestline, Ohio, took fire Sunday from escaped gas igniting at the furnace. The house and furniture were damaged to the amount of \$1,000 before the fire was extinguished. The boarders lost considerable by theft.

TWENTY YEARS AGO, White Pine Compound was first introduced to the public. It has daily grown in favor since then, until at the present time there is hardly a family that has not tested it for Colds, Pulmonary Complaints and Kidney affections. Large numbers of physicians use it in their daily practice.

"In the spirit then of George Washington, and of the patriots of the Revolution, let us take the step to reorganize our Government, and start it once again on its course of greatness and prosperity. May Almighty God give us the wisdom to carry out our purpose, to give every State in the Union the blessings of peace, good will and fraternal affection."—Horatio Seymour.

"Obtaining money under false pretences"—vending miserable hair preparations. A trade that is fast dying out, however, for the universal popularity of "Barrett's Vegetable Hair Restorer" is rapidly putting an effective stop to such contraband traffic. Richmond Enquirer.

WASHINGTON.

Concentration of Troops in Alabama. WASHINGTON, D. C., August 10, '08. General Meade's order for the concentration of troops in Alabama gave dissatisfaction to the carpet baggers there, and the Governor, Senator Warner and other members of the party against it, insisting that the stationing of all the troops at two stations, Huntsville and Mobile, would separate them too widely. The matter was finally settled by General Meade's order that the troops be stationed at Montgomery.

Democratic Victory in Montana.

MONTANA, August 10, 1908. Montana sends her cordial greeting to the Democracy of the United States. She declares for the Union, for Peace, for Property, for Economy in the service of the people. She declares her wish that the military despotism which seeks to establish in permanent a negro supremacy on this continent shall cease, and cease now. She declares her faith that the infamous Reconstruction acts are unconstitutional, revolutionary and void. She declares her discontent with the Rump scheme to give carpet-baggers the false and fictitious representation of 3,000,000 freshly emancipated blacks more power in the Senate than the 14,500,000 white freemen, and between the Potomac and the Mississippi.
